

You can reach your community with the Gospel this summer.

Impact Club Training Camp (ICT) is an intense week-long training program taking place at the beginning of the summer for Christian teens and young adults. Through the ICT experience, teens develop their leadership abilities, stretch their faith, and experience God at work in their own hearts and lives. By the end of the week, they are ready for all components of the following weeks of inner-city outreach: teaching Bible lessons and Scripture verses, leading songs and games, and performing skits. They are prepared and equipped to engage with the kids we will reach, build lasting relationships and bring the Gospel to the city, ultimately leading children to Christ. This year, we plan to hold ICT from June 26-July 2. Impact Clubs take place in the weeks following ICT. These 5-day afternoon clubs in neighborhoods throughout Springfield are where all our teen leaders put what they've learned into action, and they are an amazing way for teens to share the Gospel with kids in our community.

Want to learn more about joining the Impact Hope team?

If you are between 12-18 and you're interested in serving with Hope for Kids as a part of Impact Hope this summer, join us on April 2nd at our building for ICT Information Day! This is a perfect opportunity for you to hear more details about ICT training week and the clubs to follow, meet your leaders, and ask any questions you may have.

**SATURDAY, APRIL 2 | 11am-1pm
40 Front Street, Indian Orchard, MA**

RSVP at hopeforkids.net. Hope to see you there!
